

C 384-322 BC.

Aristotle: the 24-hour day known.

384-322 BC

Aristotle :

The 24-hour day is known.
To Aristotle it was absurd to speculate
about the beginning of an eternal
order of nature.

To Aristotle Time was boundless
unchanged, but man was mortal as
were all species.

384BC

Birth of Aristotle.

384BC born

ARISTOTLE.
